**SUTTONS** EVENING PRIMROSE  
(Oenothera Missouriensis) Yellow Queen

- Hardy perennial – flowers year after year
- Sow this year for next

Sow     Plant out     Flowers

Year 1												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 2												

**SOWING AND GROWING**  
Choose a sunny position and sow thinly direct into finely raked, warm, moist, weed free soil covering the seed only lightly with soil as light assists germination. Sow a few seeds per station 60cm (24") apart (Germination 15-30 days). Thin to the strongest seedling and grow on to flowering. Alternatively sow in trays indoors or in the greenhouse transplanting 5cm (2") apart into trays and growing on prior to planting out in the autumn.

**HELPFUL HINT**  
Spectacular plants for the herbaceous border.

**Quality Control:** This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
