## SUTTONS NASTURTIUM

Dayglow Mix

- Hardy annual - sow direct
- Ideal for hanging baskets and containers

■ Sow    ■ Plant out    ■ Flowers

Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec

**SOWING AND GROWING**

Sow the seed thinly direct into your basket or container of compost 13mm (½") deep. Germination normally takes 10-14 days. As the seedlings develop, thin to achieve a final spacing of 8cm (3"). Alternatively, sow in pots, on a windowsill or in a greenhouse at approx. 13-18°C (55-65°F) 3 or 4 seeds to a 7.5cm (3") pot. Plant out after careful acclimatisation to outside conditions. May also be used for ground cover on dry banks.

**HELPFUL HINT** When planting a basket scatter a few seeds in the compost. Try flowers in tasty summer salads.

5 011567 123830 >

**Quality Control:** This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
