Year 2												

SOWING AND GROWING

Sow thinly direct into a finely raked seedbed at a depth of 13mm (½"). (Germination 7-12 days). Transplant with a trowel when large enough to handle allowing 38cm (15") between rows and about 25-30cm (10-12") between plants in the row. Can be sown direct into a finely raked seedbed and transplanted for autumn use. Grows best in well cultivated soil liberally manured the previous autumn.

HEALTHY EATING
High in Vitamins A and C and very nutritious.

Quality Control: This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.

Standard Seed.
EC rules and standards.
