SUTTONS **CALENDULA**
Orange King

- Hardy annual – sow direct outside
- For spring or autumn sowing
- Large, double, bright orange blooms

 Sow  Plant out  Flowers

Year 1												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 2												

SOWING AND GROWING

Sow the seed thinly direct into finely raked, moist, warm, weed free soil where the plants are to flower 13mm (½") deep. Germination normally takes 10-15 days. As the seedlings develop, thin them out in stages to achieve a final spacing of 23-30cm (9-12"). For early flowering the following year sow direct August/September where the plants are to flower.

HELPFUL HINT Calendula flower petals are a tasty addition to summer salads.

Quality Control: This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
