**SUTTONS** POLYANTHUS  
Giant Thrill Mix

- Hardy perennial - flowers year on year
- For border or container growing
- Sparkling spring colour

■ Sow    ■ Plant out    ■ Flowers

Year 1												
	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 2												

**SOWING AND GROWING**

Sow in pots or trays using a good quality, moist compost pressing the seed lightly into the compost. Do not cover with compost. Place in a plastic bag, seal and position in the bottom of a refrigerator for 3-4 weeks to pre-chill. Remove from the bag and re-site on a windowsill or in a greenhouse at approx. 16-18°C (60-65°F). (Germination 10-30 days). Transplant seedlings into trays and grow on in good light. Plant out 30cm (12") apart in a sunny or partially shaded position.

**HELPFUL HINT:** Transfer to pots or tubs for early spring colour in the conservatory or on the patio.

**Quality Control:** This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.
