Ailsa Craig

- Large, tasty, flagon shaped bulbs
- For table or exhibition
- For indoor or outdoor sowing

Sow Plant out Harvest

	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Year 1												
Year 2												

SOWING AND GROWING

For exhibition, sow thinly Dec/Jan in a propagator on a windowsill or in a greenhouse at approx. 15-20°C (60-68°F). Cover seeds with 6mm (¼") sieved compost. Germination 18-24 days. Transplant seedlings when large enough to handle in 90mm (3") pots, grow on and plant out into prepared soil manured the previous autumn. For culinary use sow thinly direct outside Mar/Apr in finely raked firm soil at a depth of 13mm (½") in rows 30cm (12") apart. Thin seedlings to 15cm (6") between plants. Sowing → Cropping – 24 weeks.

HEALTHY EATING An excellent mild flavoured culinary variety. Largest bulbs not recommended for long storage.

Quality Control: This seed has been carefully tested to ensure high germination. Prior to use, store in a dry cool place.

Standard Seed.
EC rules and standards.
